Dear WBro Constantin,

Clapham Lodge No. 1818 – London Air Ambulance Appeal Silver Star

Once again, I must write a letter of congratulations to the Clapham Lodge as you have now surpassed your previous Silver Star and have received the Platinum award. This is, yet again, a stupendous achievement, and I would, yet again, like to add my congratulations to those of the Metropolitan Grand Charity Steward with my heartfelt thanks.

As I stated in my earlier letters of congratulations, the London Freemasons' 2023 Appeal follows our other hugely successful appeals which can only succeed because of the generosity of our lodges and their members. The Platinum Award is rare indeed – but I am not surprised that the Clapham Lodge has achieved it; I know only too well how much the concept of charity is at the heart of the lodge.

As I have said before, we are all extremely proud to have you in our Inspectorate.

Please would you pass on my congratulations and sincere thanks to the Worshipful Master and all the members of Clapham Lodge.

Yours sincerely and fraternally,

Huw Pritchard PJGD **PGStB**
Metropolitan Grand Inspector
